TECHNOLOGY EMPOWERING THE RIGHT

# VICTORY TOWN HALL

Victory Town Hall offers an interactive format that allows you to engage and communicate to both small and large-scale audiences.

- Easy to participate and a great organizational tool.
- Affordable, easy to execute, and tracks participation.
- Provides extensive analytics after the call about how many people listened in, how many asked questions, how many joined online, how many didn't pick up but received a message, and call drop-off rates.
- People can still finish the dishes or fold laundry and they don't have to worry about having to leave their home or make special plans to participate. They don't even have to dial or login, all they have to do is answer the phone.
- Reach people who have limited mobility and/or limited access to technology.
- Offers a very broad reach. Average numbers of participants are much higher than the typical "brick and mortar" town hall forums or community meetings.
- Reach thousands of people very ease.
- Participants will feel a personal connection with the host as our system creates an intimate easy-to-use audience experience.
- Great way to list build – results will feature names and numbers so your campaign can easily follow-up.

**Victory Town Hall can reach over 1,000,000 calls at one time.**

**Lower cost per voter reached than direct mail and much faster.**

At Victory Solutions, our motto is Technology Empowering the Right. This is more than a tag-line—it is our guiding mission. Dedicated to the development of cutting-edge campaign technologies, our goal is to provide unmatched resources to experienced political professionals that work to elect conservatives to public office.

## DID YOU KNOW?

- ***Victory Town Hall can effectively run town halls with up to 1 1/2 million voters, activists, donors and/or volunteers...at one time.***
- ***Victory Town Halls can build your lists quickly and cost effectively.***
